Smartfinder Locator (£20 inc. VAT) Fit tags to important items such as your keys, mobile phone, wallet or TV remote. If mislaid you press a button on a handheld device and item will 'beep' until located. Range 25m. Web: www.smart-finder.co.uk.

Loc8tor Plus Pack (£100 inc. VAT). Fit tags to important items such as your keys, mobile phone, wallet or TV remote. If mislaid you press button on handheld device and tags flash and 'beep' until you find missing item. Range up to 122m. Web: www.loc8tor.co.uk. Tel: 0870 111 777

EMERGENCY IDENTIFICATION

Contact4Me (£16 inc. VAT). Emergency card with identification number and telephone number that can be dialled to notify carer when missing person is found. Web: www.contact4me.com. Tel: 0800 124 4521

MedicAlert (from £20 inc. VAT). MedicAlert charity produces jewellery items such as watches, beads, necklets and bracelets known as 'Emblems' engraved with the wearer's identification, main medical conditions and emergency contact number. Web: medicalert.org.uk. Tel: 0800 581 420

SENSORS AND MONITORS

Easylink Magnetic Door Switch Transmitter & Pager (£35 inc. VAT). Transmitter detects when an exit door is being opened and sends an alarm signal to pager carried by carer. Web: www.easylinkuk.co.uk. Tel: 0153 626 4869

Security Beam Barrier Alarm (£15 inc. VAT). Sounds alarm when anyone walks through infrared beam from single detector. Placed near exit doors or stairs to alert carers to wandering person. Web: www.maplin.co.uk.

Border Patrol Safety Beam (£30 inc. VAT). Sounds alarm when anyone walks through infrared beam between two detectors. Devices are placed near exit doors or stairs to alert carers to wandering person. Web: www.lifemaxuk.co.uk.
Tel: 0163 587 4323

Just Checking Exit Alert (£160 ex. VAT plus subscription or rental). Device sends text message alert to carer if person leaves house at a late hour or unusual time.

Web: www.justchecking.co.uk. Tel: 0156 474 1822

QED Door Activity Sensor (£195 ex. VAT). Sensor detects when door is opened and sends message to alert carer. Web: www.QEDonline.co.uk. Tel: 0239 252 8666

QED Wander Mat Alarm (£280 ex. VAT). Pressure sensitive mat and integral transmitter causes receiver to emit audible and/or visual alarm when activated by someone standing on it. Web: www.QEDonline.co.uk. Tel: 0239 252 8666

QED On the Move Alarm System (£360 ex. VAT). When activated, pressure-sensitive mat sends message via integral transmitter to pager unit. Web: www.QEDonline.co.uk. Tel: 0239 252 8666

Just Checking for Carers (£590 ex. VAT plus subscription or rental). Small, discrete sensors placed around home and at exit doors monitor person's activities during day and alert carers if worrying change of behaviour pattern emerges. Also sends text alert if exit door is opened. Web: www.justchecking.co.uk. Tel: 0156 474 1822

Tunstall Property Exit Sensor (Price on inquiry). System includes passive infrared movement detector located above exit door and door contacts to register when anyone leaves, especially at night, or does not return when expected. System then alerts carer or designated key holder to investigate. Web: www.tunstall.co.uk. Tel: 01977 661234

Tunstall Telecare Overlay Extra and Lifeline + (Price on inquiry). System of integrated sensors linked to call centre will monitor exit doors, and environmental hazards, such as excess heat, smoke and gas, and detect falls.

Web: www.tunstall.co.uk. Tel: 01977 661234

MOBILE PHONES

Doro HandlePlus 334 (£115 inc. VAT). Simple mobile phone with four buttons that can be pre-set to dial carers/family members. Includes emergency button.

Web: www.doro.co.uk. Tel: 0162 853 9984

See also SmartLinQ (below)

DISTANCE MONITORS, SAFETY ZONE/ GEOFENCE MONITORS, TRACKERS

Easylink Mini Tracker (£140 inc. VAT). Compact device sends text message giving location co-ordinates to carer's mobile phone. Co-ordinates then entered into internet mapping service to show precise location of device and hence its user.

Web: www.easylinkuk.co.uk. Tel: 0153 626 4869

Loc8tor Plus (£100 inc. VAT). System includes Loc8tor Plus handheld device, two mini homing tags and two panic homing tags. Once tag (and wearer) moves beyond pre-set distance an alert sounds on carer's handheld device, which is then used to locate tag and wearer. Web: www.loc8tor.co.uk Tel: 0870 111 7777

Child Distance Monitor (up to £18 inc. VAT). System originally developed to keep track of small children works equally well for adults. When distance monitor exceeds pre-set distance it triggers carer's receiver, which emits series of loud beeps.

Web: www.amazon.co.uk

buddi GPS (£300 inc. VAT plus £25 monthly membership). Compact device can be attached to key ring, belt or pocket. Uses GPS technology to monitor location. Carer logs on to buddi website to locate device and wearer (displayed on map) or phones call centre for location. User can press emergency button on device at any time to alert call centre and open voice channel. Web: www.buddi.co.uk. Tel: 0871 423 8756

Lok8u Multim8 (£200 inc. VAT plus monthly service contract from £10). Wristwatch with built-in GPS that can be located by logging on to website or by text message to carer's mobile phone. Web: www.lok8u.com/uk. Tel: 0845 209 9099

Keruve 2010+ (£820 ex. VAT). Wristwatch with built-in GPS plus handheld base station for use by carer that displays map showing location of watch. Web: www.keruve.com.

Loc8tor GPS (£190 plus pay-as-you go). Portable multifunction device can be set to trigger alarm when device (and user) move outside pre-set area. Can also be used for tracking. Simply call Loc8tor from mobile phone and receive address as text message. Web: www.lok8tor.co.uk. Tel: 0870 111 7777

SmartLinQ (Connect 8) GPS Mobile phone (price £150 inc. VAT plus £20 per month Careline Package). Multi-purpose mobile phone with four pre-programmable buttons, emergency button, adjustable safety zones, 'man down' alarm and track and trace via GPS. Can be combined with Silverphone CarelineUK package. Web: www.smartlinqmobile.co.uk. Tel: 0870 160 0600
